These minutes reflect only those items being considered by the Directors of the State of New York Municipal Bond Bank Agency. A record of items considered by the other Agencies is contained in the minutes of each of the Agencies.

The first item on the agenda was the President’s Report. Commissioner Towns noted that at last week’s combined State of the State/Budget address, Governor Andrew M. Cuomo outlined his continued commitment to affordable housing. He stated that nearly \$3 million households in New York are paying over 30% of their income in housing costs and as a result, the Governor announced that New York State will invest more than \$486 million in funding to provide housing for the State’s most vulnerable residents. He said this funding includes:

- \$229 million in capital resources for 2015-16 (continuing the five-year House NY program), representing an increase of \$32 million of available resources in 2014-15;
- \$256 million from the J.P. Morgan Chase settlement funds to support the construction and rehabilitation of affordable housing, which will revitalize neighborhoods, encourage community renewal activities, and provide for improvements to public, seniors and veterans housing;
- low-cost financing and access to capital through Community Development Financial Institutions.

Commissioner Towns reported that the Governor also proposed an additional investment of \$220-million for Homeless Services including funding for New York City rental assistance and other programs that address the City’s growing homeless population. He reported that the State will also use \$183 million of J.P. Morgan Chase settlement funds to support a new NY/NY IV program to create 5,000 new supportive housing units for populations requiring additional support; to support NYC’s Living In Communities (“LINC”) 1 rental assistance program, and to institute a cap on the rent contribution for public assistance recipients diagnosed with HIV/AIDS in NYC so they can afford to stay in their homes.

- A record in bond issuance (HFA and SONYMA combined) totaling over \$2 billion in housing bonds last year making the Agencies the top housing bond issuer in the nation, and;
