**The next item on the agenda the review of various contracts monitored by the Facilities and Administration Department.** This was an information item. It was noted that information regarding this item was contained in the materials provided to the Members in advance of the meeting, which materials are incorporated herein by reference.

**The next item on the Agenda was the review of the Agencies New York State Office of General Services (OGS) Goal Plan.** Ms. Wanda Graham, VP/Director of DHCR's Office of Economic Opportunity and Partnership Development (OEOPD) presented team member, Ms. Veronica Flanders, Program Analyst (NYC). Ms. Graham presented the Master Goal Plan for Fiscal Year 2016-2017. She spoke about the Service-Disabled Veteran-Owned Business Act, signed into law by Governor Andrew M. Cuomo on May 12, 2014, which allows eligible Veteran

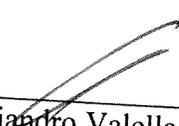

business owners to become certified as a New York State Service-Disabled Veteran-Owned Business (SDVOB) in order to increase participation in New York State's contracting opportunities.

Ms. Graham reported that the OEOPD will administer this program on behalf of the agencies and is committed to increasing SDVOB utilization in accordance with New York State Executive Law Article 17-B. She said, as a result, an Exclusion and Exemption List was created. She said the exclusion list includes professional services that are characterized by an absence of qualified and certified SDBOBs, severely limiting the capacity of the Agencies to meet their SDVOB participation target goals. Ms. Graham said the Agencies will continue their efforts to reduce the services included in the exclusion list, as the SDVOB Program portfolio expands. She said contracts under \$25K for professional services, other services, and commodities, as well as contracts under \$100K for construction related activities, would also be exempted as allowed by <sup>Section 17-17</sup> she said, in addition, below contracts are exempted as is permitted by the SDVOB Operations Guidance Document disseminated in January 2016.

She noted that it is difficult to estimate development activity and also noted that the percentage is being increased because the law requires the Agencies to increase the goal to six percent (6%). HFA/AHC Committee Member, Mr. Davidson asked what challenges exist to make reaching the 6% goal difficult. Ms. Graham noted that it is due to the small-size construction firms that are certified by OGS. HFA/AHC Committee Chairman, Mr. Davidson inquired about income thresholds. Ms. Graham noted that any income thresholds would be included in the legislation and staff will review the legislation to determine if thresholds exist. HFA/AHC Committee Chairman, Mr. Weiss inquired about overlaps between the Minority and Women's Business Enterprise (MWBE) and the Veteran's program. Ms. Graham explained that although these are two separate and distinct programs, areas of overlap have been identified with respect to the MWBE program (reports to the Empire State Development) and the SDVOB program.
