

**New York State Homes and Community Renewal
Cooling Assistance Program
Price Proposal Sheet**

Price Proposal Form

Bidder Name: _____

Per-unit Cost: _____ *

* The per-unit cost must include total cost for all labor and material expenses to complete all required activities associated with provision of cooling services in one dwelling unit, including administration, overhead, indirect costs, operating costs and the appropriate share of any cost allocation plan for any space, supplies or equipment that will be shared with other programs. HCR will provide no other compensation to a vendor besides the per-unit rate paid for each dwelling unit where cooling assistance is provided.
