

**Contractor Certification of Compliance
with Interim Control Requirements
24 CFR Part 35**

The undersigned contractor acknowledges that rehabilitation work to be performed with funding from _____ (the local administrator) is Federally funded and is subject to Federal regulations at 24 CFR Part 35, otherwise known as the Federal Lead-Based Paint Hazard Rule.

The work to be performed is classified as Interim Control work, the standards for which have been defined at 24 CFR Part 35, Subpart R and include:

- Protection of occupants and their belongings during the performance of any LBP hazard control work per 35.1345;
- Utilization of Safe Work Practices to contain the hazard and protect workers per 35.1350;
- Training of all persons performing Interim Control activities or entering an interim control worksite (defined as the immediate vicinity of a lead hazard control activity) in Safe Work Practices in one of the courses approved by HUD (as listed in 35.1330(a)(4)); alternatively, all untrained persons performing interim controls will be supervised by an abatement supervisor certified by the State/EPA;
- Completion of hazard control work in compliance with Interim Control work practices at 24 CFR 35.1330; and
- Clearance of the interim control work sites per 35.1340 before other rehabilitation work or re-occupancy of the work site is permitted.

The undersigned certifies that all work will be completed in compliance with these regulations, and that records will be maintained for five years to document compliance. The local administrator, the State/EPA, and HUD will be granted access to these records for purposes of monitoring compliance with the Rule.
