Snow Belt Housing Company, Inc. will administer a program to provide emergency home repairs for elderly homeowners.

The proposed RESTORE Program will assist 16 very low-income elderly households in Lewis County with the necessary home repairs to correct conditions which pose an imminent threat to the resident's life, health, or safety that, in most cases, would also violate NYS Building and Fire Codes. At least one of the homeowners will be 60 years of age or older and the household's income will be at or below 50% of Lewis County median income, according to HUD's income standard.

Additional funding will be provided by NYS Affordable Housing Corporation.
