

# **RESTORE Program Application Instructions**

This document consists of the following sections:

- A. RESTORE Program General Instructions;
- B. Instructions for Beginning a New RESTORE Program Application;
- C. RESTORE Program Application Exhibit Instructions;
- D. RESTORE Program Application Exhibits; and,
- E. RESTORE Program Application Certification.

## **A. RESTORE Program General Instructions**

It is recommended that applicants use the Community Development Online (CDOL) System (formerly known as CDWAS) to apply for funding. If the applicant is unable to use this system, please contact the appropriate Regional Office for further instructions.

### **1. Online Application Submission**

All RESTORE Program applications may be submitted electronically over the web using the CDOL. **Applications for the RESTORE Program must be submitted to the CDOL by 5:00 PM, EST, Tuesday, March 18, 2008.** Any applications for this program received after the stated deadline will be considered to be late submissions and will be returned to the applicant.

The submission of a RESTORE application via CDOL consists of two steps:

- 1) Completing the online application exhibits; and,
- 2) Certifying and submitting the application exhibits.

When your application exhibits are complete and validated by the CDOL, the person who is authorized to electronically certify the application must log in to the CDOL and certify and submit the application exhibits. Once submitted, the CDOL will assign your application a SHARS ID number.

**Please carefully review the following steps which are necessary to complete and submit your RESTORE Program application via the CDOL.**

### **2. Registering Your Organization's Security Manager**

Please review the following to make sure that your organization is prepared to use the CDOL, and that you have someone with the authority to certify the application set up as a registered CDOL user for your organization.

In order to use the CDOL, applicants must be registered in DHCR's Statewide Housing Activity Reporting System (SHARS), and have designated a Security Manager for their organization. The Security Manager will serve as the individual who authorizes and monitors access to the CDOL for the applicant's organization, including which people have the ability to update the organization's applications. Security Managers may go into the CDOL system, and add or remove users for their organization.

If you are a registered SHARS applicant, but you have not registered to use the CDOL, you may submit a **Security Manager Registration Form** to DHCR, which will allow you access to the CDOL. Complete and return the Security Manager Registration Form with an original authorized signature to the address specified on the form and you will be e-mailed a User ID and temporary password with which to access the CDOL.

If your organization has not previously applied to DHCR for funding, you must complete and submit an **Applicant Registration Form** so that you may be registered as a SHARS Applicant. The form

contains a section where you may designate a Security Manager for your organization. DHCR staff will register your organization and Security Manager and you will be e-mailed a USER ID and password to access the CDOL.

Applicants who used the CDOL (formerly called CDWAS) to apply for funding in the past will still be registered, and may use the CDOL with the user ID and password previously assigned to them. If you have forgotten your password, you may go the CDOL and enter your USER ID and e-mail address and you will be e-mailed a new password. If you have changed your e-mail address since you first registered as a CDOL user, and you cannot remember your password, or if you have forgotten your USER ID, please either call the MSR Unit at (518) 486-5000, or e-mail us at: [msr@dhcr.state.ny.us](mailto:msr@dhcr.state.ny.us) for assistance.

### **3. Registering your Organization's Electronic Signatory**

All application exhibits submitted through the CDOL must be electronically certified by an authorized representative of the applicant's organization. The person who will certify the application must be set up in the CDOL as a user for your organization. The Security Manager may add the certifier by following these steps:

a. Log into the CDOL and click on the User Administration link at the top of the page. The organization name will be displayed with a list of CDOL users.

b. To add your organization's authorized signatory, click 'add new user', and enter their first and last name, and e-mail address.

c. Select their access level from the drop-down box. Applicant inquiry allows the user to view but not change the application. Applicant update allows the user to make changes to the application.

d. Click the box that reads 'Authorized to Sign Certification'.

e. Click the box next to the organization name. Then click 'Submit'.

f. The CDOL will generate an e-mail providing the user with their User ID and temporary password. When the application exhibits are complete, validated and ready to be submitted, the certifier must log-in to the CDOL, complete the certification, and submit the application exhibits.

### **4. Completing and Validating the Application Exhibits**

The RESTORE Program Application consists of six exhibits which are listed in Section 6 below. After completing the exhibits, you must validate the application. Validation is essentially an editing process performed by the CDOL that notifies the user of incomplete, missing, or inconsistent data in the application. The application may not be submitted until all problems found during validation are corrected. To validate, return to the main menu, and click the 'Validate' link to the right of the Application name. Click 'Validate' again and the CDOL will check to ensure all required data is complete and consistent. If errors or inconsistencies are found, the CDOL will provide a list of the items that need to be completed or corrected before the Exhibits can be submitted. Once your application is successfully validated, it is recommended that you print and review the entire application before taking the next step, certifying and submitting the application exhibits. Once the application exhibits have been certified, they can no longer be changed.

### **5. Certifying and Submitting the Application Exhibits**

When your application exhibits are complete and validated, and you are ready to submit them, your organization's authorized signatory must log into the CDOL to certify and submit the application exhibits. To certify, click the 'Validate' link to the right of the application name. Click 'Certify'. The certifier should read the certification, enter their CDOL password and title, and then click 'Submit'. The CDOL will display a message acknowledging successful submission of the exhibits, and providing you with

the application’s SHARS ID number, which will be used to identify your application. An e-mail message will also be delivered to you confirming successful submission of the application exhibits.

### Exhibit 3 - Program Needs

#### **3A. Number & Percentage of Low-Income Elderly Homeowners in Service Area**

To complete this section, you will need to use the CHAS Data available on the United States Department of Housing and Urban Development's (HUD) website: HUD User State of the Cities Data Systems. That link is: <http://socds.huduser.org>

If your local program service area is a **single entire** county, city, town, village or census-designated place, follow the instructions below for filling out Exhibit 3A.

If your local program service area is comprised of **multiple entire** counties, cities, towns, villages or census-designated places, follow the instructions outlined below, except that you must do the calculations for **each of the localities comprising your service area**, and then enter the sums for **all of the localities** onto Exhibit 3A.

If your local program service area is not a county, city, town, village or census-designated place listed in one of the categories on the CHAS Data table, for example, a portion of a city, follow the instructions outlined below using the data for the county, city, town, village, or census-designated place that the service area is located in. In New York City, provide the requested data for the borough in which the service area is located.

1. Go to the following website: <http://socds.huduser.org>
2. Locate the CHAS DATA tab on the page, and click it.
3. Find the text that reads: Click here to view non-frames version of CHAS, and click it. Next:
  - a. Select the following: Housing Problems State: New York Then click the 'submit' tab.
  - b. Select the following: All Households Year: 2000 Then click the 'submit' tab.
  - c. If your service area is a **single entire County**, locate the applicable **County** and click the 'submit' tab.

If your service area is a **single entire village, or census designated place** (an unincorporated place, such as a hamlet), locate the applicable **Census Place (CPL)** and click the 'submit' tab.

If your service area is a **single entire town or city**, locate the applicable **Minor Civil Division (MCD)** and click the 'submit' tab.

A table will be generated for the chosen locality entitled, "**Housing Problems Output for All Households.**" Use the data from this table to fill out Exhibit 3A - Number & Percentage of Low-Income Elderly Homeowners in Service Area, as follows:

4. Calculate the number of Elderly 1 & 2 Member Low-Income Owner Households in the program service area by **adding together the numbers from Column F, lines 1 and 10** (Elderly 1 & 2 Member Owner households <=50% of Median Family Income (MFI) and >50 to <=80% of MFI, respectively.)

5. Enter the total of Column F, lines 1 & 10 (from step 4, above) onto Exhibit 3A, line 1 (Total Number of Elderly 1 & 2 Member HHs <80% MFI).

6. Enter the number from Column K, line 18 (Total Households) onto Exhibit 3A, line 2 (Total Households). (Note that if you use the option on HUD's SOCDs website to download the data into an Excel table, this column is labeled 'L' rather than 'K' on the Excel table).

7. The CDOL will calculate line 3 (Total Elderly 1 & 2 Member Owner Households <80% MFI as a percentage of Total HHs) by dividing line 1 by the number entered on line 2. (This calculation will only be done when all required data on the page has been entered, and the 'submit' button has been clicked).

### **3B. Housing Conditions in Service Area**

1 & 2. Provide an estimate of the number and percentage of substandard housing units in the service area. Enter the name and date of the data source for these estimates.

3. If the data is available, provide an estimate of the number of low-income elderly homeowners living in housing that is substandard or requires at least one emergency repair. Provide the name and date of the data source.

Applicants are encouraged to use existing survey data for these estimates, such as a Housing Condition Survey performed for the Office for Small Cities Community Block Grant Program. Similar surveys performed for other purposes may also be acceptable. The data provided must not be more than five years old. HTFC reserves the right to request documentation to verify the data.

### **Exhibit 4 - Relevant Experience**

Complete this Exhibit for each housing program the applicant has participated in during the **past three years**, including those that are in progress, or were operating or completed within that timeframe. Include only those that involve the operation of an emergency or other home repair service comparable to the one proposed in this application.

If you have no experience to report, check the 'Not Applicable' box at the top of the Exhibit, and go on to Exhibit 5.

**Funding Source Contact Person/Phone:** Enter the name and phone number of the primary contact

person for the program listed above in the spaces provided.

When all required data has been entered, and you click 'submit', the data will be redisplayed in a grid format. To add another record, click the 'add' button at the bottom of the grid, and repeat the steps listed above.

### **Exhibit 5 - Budget/Financing Plan**

Costs under the RESTORE Program are categorized as repair costs and administrative costs. Repair costs are the actual costs of emergency repair work undertaken, including work done by private contractors. Administrative costs are personnel and related costs associated with the administration of the program, including performing inspections and preparing work write-ups.

#### **5A. Sources of Funds**

On this screen, you will add each source of financing for the project. The total sources with the financing types permanent or both, as described below, must equal the Total Program Cost for all sources in Section 5B of this Exhibit.

**Source:** Select the funding source name from the drop down list. Funding sources are listed according to source type (DHCR/HTFC, Federal Government, Local Government, Non-DHCR State Government, and Private). If you cannot locate a specific source, each source category has a 'generic' source code which can be selected (for example, 'Federal Program - Other').

Upon clicking the 'submit' button, the CDOL will add the two columns together and display the total in the column entitled 'Total Cost'.

**2. Salaries/Fringe:** Under the column entitled 'RESTORE', enter the total salaries/fringe costs to be funded by the RESTORE Program. Under the column entitled 'Other Funds', enter the total salaries/fringe costs to be funded by sources other than the RESTORE Program. Upon clicking the 'submit' button, the CDOL will add the two columns together and display the total in the column entitled 'Total Cost'.

3. **OTPS:** Under the column entitled 'RESTORE', enter the total OTPS costs to be funded by the RESTORE Program. Under the column entitled 'Other Funds', enter the total OTPS costs to be funded by sources other than the RESTORE Program. Upon clicking the 'submit' button, the CDOL will add the two columns together and display the total in the column entitled 'Total Cost'.

4. **Total Administrative/Operating Costs:** Upon clicking the 'submit' button, the CDOL will calculate this line by adding together lines 2 and 3 for each column.

5. **Total Program Costs:** Upon clicking the 'submit' button, the CDOL will calculate this line by adding together lines 1 and 4 for each column.

#### **Exhibit 6 - Local Program Schedule**
