

NEW YORK STATE HOUSING TRUST FUND  
HOME PROGRAM

PROGRAMMATIC ENVIRONMENTAL REVIEW RECORD  
FOR LOCAL PROGRAM ADMINISTRATOR (LPA) PROGRAMS

PROGRAM NAME: FCCHC First Time Homebuyer  
SHARS NUMBER: 20153080  
PROGRAM SPONSOR: Franklin County Community Housing Council, Inc. (FCCHC)  
PRIMARY CONTACT: Ms. Eileen Gillen; Executive Director  
(NAME AND TITLE)  
ADDRESS: 337 W. Main Street  
Malone, Franklin County  
NY 12953  
TELEPHONE: 518-483-5934  
FAX: 518-483-0984  
EMAIL: fcchc1@yahoo.com

RESPONSIBLE ENTITY: Franklin County Community Housing Council, Inc. (FCCHC)

CERTIFYING OFFICER: Ms. Eileen Gillen

PROGRAM LOCATION (OR TARGET AREA): Scattered Sites in Franklin County, NY

1.0 PROGRAM ACTIVITIES *(Provide a complete description of the program. Include whether sites selected for the program may require a zone change, special use permit or subdivision approval and the number of units to be provided. Also determine any site disturbance will occur, including digging utility trenches and installing or improving wells or septic systems).*

FCCHC intends to provide down payment /closing cost assistance to ten (10) eligible households. Eligible households are those whose household income (based on family size) is 30%-80% of median income. In addition, when deemed necessary, new homeowners will be provided with up to \$5,000 in rehabilitation assistance post closing. Rehabilitation assistance may fund ground disturbing activities. With the addition of HOME funds, FCCHC will be able to employ and pay for the costs of a full time housing counselor to provide direct services in the home purchase process. HOME funds will also pay for the Administrative costs (20% of the Directors time be provided in grant implementation) associated with the supervision of the implementation of the program for supervision and financial draws.

FCCHC intends to partner with local realtors, local banks, as well as the local Weatherization program and local contractors. Local realtors will be utilized to provide the largest access to homes available within the applicants prospective income. Local banks will provide a variety of mortgage products that can be utilized by low income applicants through low interest rates and first time home buyer products. The weatherization program will provide additional energy efficient resources for the new home owner after purchase providing energy efficient items such as insulation, energy efficient windows, low flow shower heads, etc. Local contractors, who are lead certified, will be utilized to provide rehab assistance to homes purchased through the HOME program.

FCCHC intends to work closely with the HOME applicants by thoroughly explaining the HOME buyer program and the process by which the funds will be allocated. Before actual disbursement of funds, each household will have a thorough knowledge of their responsibilities not only of their obligations under the HOME program but have a complete understanding of what is required as a home owner beyond just the home purchase.

Based on the description of program, only in-kind renovation/rehabilitation activities will be conducted at each unit, and it is possible that rehabilitation could include ground disturbing activities. Zone changes, special use permits or subdivision approvals will likely not be required for the aquired units as they will already be developed residential units.

ESTIMATED TOTAL PROJECT COSTS: \$1,458,700.00  
HTFC HOME AWARD AMOUNT: \$308,700.00

2.0 PROGRAM CLASSIFICATION - NEPA (Check one)

- 2.1 - Exempt
- 2.2 - Categorically Excluded - subject only to regulations at 58.6
- 2.3 - Categorically Excluded - subject to 24 CFR 58.5 and 58.6
- 2.4 - Environmental Assessment Required

3.0 PROGRAM CLASSIFICATION - SEQR (Check one)

- 3.1 - Type II action.
- 3.2 - Unlisted action (*Contact HTFC environmental staff for further guidance*).

4.0 REGULATORY COMPLIANCE DOCUMENTATION

- 4.1 PROCEDURES TO COMPLY WITH RELATED LAWS AT 24 CFR 58.6  
(*Use additional pages if necessary*)

**\*Flood Disaster Protection Act of 1973**

All sites will be reviewed for their location on FIRM maps at:

<https://msc.fema.gov/webapp/wcs/stores/servlet/FemaWelcomeView?storeId=10001&catalogId=10001&langId=-1>

**\*Runway Clear Zones (development)**

The following primary or commercial airports exist within the target area: Adirondack Regional Airport. All sites will be reviewed for their location with regard to the airport. If a site exists within the runway clear zone, the prospective buyer will be advised that the property is located in such a zone, including safety risks and that the property may be acquired by the airport operator at a later date. The buyer must sign a statement acknowledging receipt of this information and the notification must be submitted with the Tier 2 checklist.

**4.2 PROCEDURES TO COMPLY WITH RELATED LAWS AT 24 CFR 58.5**  
*(Use additional pages if necessary)*

**\*Historic Properties**

For all projects that involve new construction on vacant property, any site disturbance, or demolition or rehabilitation of buildings 50 years old or older, a Historic Resource Inventory Form must be completed and submitted to the State Historic Preservation Office (SHPO) for an effect determination.

AND

Evidence that a review was requested from the Tribal Historic Preservation Office (THPO) will be submitted with the Tier 2 checklist if the project will conduct ground disturbance.

**\*Floodplain Management**

All sites will be reviewed for their location on FIRM maps at:

<https://msc.fema.gov/webapp/wcs/stores/servlet/FemaWelcomeView?storeId=10001&catalogId=10001&langId=-1>.

No sites within a floodway will be chosen. If a site is located outside of the 100-year-floodplain, no further action is required. If a site is within the 100-year-floodplain, the Floodplain Management Worksheet will be completed (Appendix J of the NYSHCR HOME LPA Manual). If the project does not constitute "substantial improvement," no further action is needed. If it does, EAU must be contacted for further instruction.

**\*Wetland Protection**

Any site intrusive work, even on previously disturbed land, will be constructed so as to reduce, minimize, or otherwise avoid impacts within wetlands or associated "buffers or check zones." Maps of jurisdictional wetlands will be consulted for each site. In addition to consultation of wetlands maps, if the Sponsor or EAU suspects the potential presence of wetlands in the areas to be disturbed, a formal jurisdictional review or qualified biologist delineation may be required to confirm whether wetlands will be disturbed. This will be decided in further consultation with EAU. If a site is located on or in proximity to wetlands the Sponsor will consult with the relevant regulator and obtain all necessary permits, after completing the Executive Order 11990 8-Step

review process. If a site is located in any State associated buffers the Sponsor will consult with the NYSDEC and obtain all necessary permits.

**\*Coastal Zone Management**

The target area contains NYS Coastal Zones according to the NYS Coastal Zone Atlas (Attached). Each project site will be checked for its location with regard to a Coastal Zone. If a site is within a Coastal Zone, the sponsor must contact EAU and EAU will need to coordinate a submission of the project to New York State Department of State (DOS) prior to completion of the Tier 2 checklist for that site.

**\*Endangered Species**

For every project requiring disturbance of previously undisturbed ground the sponsor will: (1) contact the NYS Natural Heritage Program to determine the potential for impacts of the proposed action on any rare, threatened, or endangered species; and (2) follow the USFWS directions for project reviews at <http://www.fws.gov/northeast/nyfo/es/section7.htm>. If the USFWS directions reveal the possibility of an endangered species on the site, EAU will be contacted to further consult with USFWS.

**\*Wild and Scenic Rivers**

The following state and/or federal Wild, Scenic and Recreational rivers (WSRR) are located within the target area: Ampersand Brook; Chateauguay River; Cold River; Deer River; Jordan River; Marble River. All sites will be reviewed to determine their location with regard to the WSRRs. No program activities should impact the WSRR, but EAU and/or NYSDEC will be contacted with regard to any site within 100 feet of a WSRR to determine any permitting requirements.

**\*Noise Abatement and Control**

24 CFR Part 51 requires that noise criteria and standards be taken into consideration in the environmental review process and that ameliorative actions be considered for HUD funded development in noise exposed areas. For all sites, distances to major noise sources must be determined. Any project located within 1,000 feet of a roadway carrying more than 10,000 vehicles per day, 3,000 feet of an active railroad or 5 miles of a commercial airport on the FAA's 239 list of 15 miles of military airport must be assessed to determine if the site is exposed to unacceptable noise.

If a project located within critical distances of noise sources is substantial rehabilitation, the sponsor must demonstrate that the project falls within the acceptable noise guidelines. If the noise level is determined to be over 65dB, noise mitigation will be strongly recommended and if the noise level is over 75 dB the site will normally not be acceptable for HOME funding. If a project located within critical distances of noise sources qualifies as moderate rehabilitation, noise attenuation features will be recommended to be included in the project design to the extent that potential noise mitigating work is already contemplated in the project scope (e.g. new windows, insulation, siding, etc.). To demonstrate moderate rehabilitation, the Sponsor will attach an estimate and scope of work and value of the home using the Flood Management Worksheet in Appendix J of the HOME LPA Manual and attach it to each Tier 2.

**\*Runway Clear Zones (development)**

The following primary or commercial service airports exist within the target area: Adirondack Regional Airport. All sites will be reviewed for their location with regard to the airport(s). If the site is within 2,500 feet of a civil airport or 15,000 feet from the end of a runway at a military airfield EAU will be contacted for further direction. The Tier 2 will include a written finding made by the airport or airfield operator stating whether or not the property proposed for assistance is located within the clear zone.

**\*HUD Environmental Standards**

Each site will be reviewed by an environmental professional, including a site visit, to determine that the site is not located on or near any hazardous materials or contamination. The site visit report will include a signed certification statement, that: "I, (Name, Title), certify that I am a qualified environmental professional as per ASTM 1527."

**\*Environmental Justice**

According to NYSDEC mapping at <http://www.dec.ny.gov/public/899.html>, the target area does include potential environmental justice areas. The Program is intended to serve an existing need for affordable housing and is not expected to facilitate development which would result in adverse environmental justice impacts. All substantial rehabilitation projects will be reviewed to determine whether they are within an acceptable noise level area. If applicable, there will not be unmitigated thermal explosive hazards in close proximity to the sites. Each site will be reviewed for compliance with HUD Environmental Standards.

**\*Asbestos & Lead-Based Paint**

Regarding asbestos containing materials (ACM), all project work will comply with NYS Department of Labor Part 56 requirements including the need for surveys and clearance reports, as required. A contractor will be involved in the project construction and will be instructed regarding the need for compliance with Part 56.

Regarding lead-based paint (LBP), in homes constructed prior to 1978, all work will be conducted according to the HUD "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" and the EPA Renovation, Repair and Painting Rule (RRP rule). All ACM and LBP must be properly disposed of at a properly licensed facility.

The LPA must maintain all compliance documentation for potential audit by EAU.

5.0 ENVIRONMENTAL ASSESSMENT *(This section to be completed only for programs which require an EA according to Section 2.4).*

N/A

5.1 MITIGATION MEASURES NEEDED *(This section to be completed only for programs which require an EA according to Section 2.4).*

N/A

5.2 ALTERNATIVES TO THE PROPOSED ACTION *(This section to be completed only for programs which require an EA according to Section 2.4).*

*No Action:*

5.3 ENVIRONMENTAL FINDING: *(This section to be completed only for programs which require an EA according to Section 2.4 - Check one)*

Finding of No Significant Impact (FONSI)

Finding of Significant Impact (FOSI)

6.0 PUBLIC NOTICES (Check one)

6.1 No public notice is required in connection with this program (for program classifications 2.1 and 2.2, above).

6.2 A Notice of Intent to Request Release of Funds (NOIRROF) will be published and distributed in connection with this program *(for program classification 2.3, above)*.

6.3 A combined Finding of No Significant Impact (FONSI) and Notice of Intent to Request Release of Funds (NOIRROF) will be published and distributed in connection with this program *(for program classification 2.4, above)*.

ERR ATTACHMENT 2.1  
EXEMPT ACTIVITIES (24 CFR 58.34, you may check more than one)

- Environmental and other studies, resource identification and development of plans and strategies [58.34(a)(1)].
- Information and financial services [58.34(a)(2)].
- Administration and management activities [58.34(a)(3)].
- Public services that will not have a physical impact or result in physical changes, such as services concerned with employment, crime prevention, child care, health, drug abuse, education, counseling, energy conservation and welfare or recreational needs [58.34(a)(4)].
- Inspections and testing of properties for hazards or defects [58.34(a)(5)].
- Purchase of insurance [58.34(a)(6)].
- Purchase of tools [58.34(a)(7)].
- Engineering or design costs [58.34(a)(8)].
- Technical assistance and training [58.34(a)(9)].
- Assistance for temporary or permanent improvements that do not alter environmental conditions and are limited to protection, repair or restoration activities necessary only to control or arrest the effects from physical disasters, imminent threats or physical deterioration [58.34(a)(10)].
- Payment of principal and interest on loans made or obligations guaranteed by HUD [58.34(a)(11)].
- Any of the categorical exclusions listed in 58.35(a), provided that there are no circumstances which require compliance with any other federal laws and authorities cited in 58.5 [58.34(a)(12)].

ERR ATTACHMENT 2.2  
CATEGORICALLY EXCLUDED ACTIVITIES [58.35(b)]

*Activities in this section require compliance with related laws and authorities at 58.6, but not 58.5. \* you may check more than one.*

- Tenant-based rental assistance [58.35(b)(1)].
- Supportive services including, but not limited to health care, housing services, permanent housing placement, day care, nutritional services, short-term payments for rent/mortgage/utility costs, and assistance in gaining access to local, state and federal government benefits and services [58.35(b)(2)].
- Operating costs including maintenance, security, operation, utilities, furnishings, equipment, supplies, staff training and recruitment and other incidental costs [58.35(b)(3)].
- Economic development activities, including but not limited to, equipment purchase, inventory financing, interest subsidy, operating expenses and similar costs not associated with construction or expansion of existing operations [58.35(b)(4)].
- Activities to assist homebuyers to purchase existing dwelling units or dwelling units under construction\*\*, including closing costs and down payment assistance, interest buydowns, and similar activities that result in the transfer of title [58.35(b)(5)].
- Affordable housing pre-development costs including legal, consulting, developer and other costs related to obtaining site options, project financing, administrative costs and fees for loan commitments, zoning approvals, and other related activities which do not have a physical impact [58.35(b)(6)].
- Approval of supplemental assistance (including insurance or guarantee) to a project previously approved under this part, if the approval is made by the same responsible entity that conducted the environmental review on the original project and re-evaluation of the environmental findings is not required under Sec. 58.47 [58.35(b)(7)].

\* If a responsible entity determines that an activity or project identified above, because of extraordinary circumstances or conditions at or affecting the location of the activity or project, may have a significant environmental effect, an environmental assessment must be prepared and a determination of significance made.

\*\* **This exclusion applies only to financial assistance for purchase of existing for-sale homes or homes under construction. Homebuyer assistance for units not already under construction is classified as Categorically Excluded according to Section 2.3 of the ERR form, or an activity requiring Environmental Assessment according to Section 2.4 of the ERR form. In all cases, for this exclusion to apply, the prospective buyer must have discretion regarding selection of properties within the target area.**

ERR ATTACHMENT 2.3  
CATEGORICALLY EXCLUDED ACTIVITIES [58.35(a)]

*Activities in this section require compliance with related laws and authorities at 58.5 and 58.6, you may check more than one.*

- Acquisition, repair, improvement, reconstruction, or rehabilitation of public facilities and improvements (other than buildings) when the facilities and improvements are in place and will be retained in the same use without change in size or capacity of more than 20 percent. Examples of this type of activity include replacement of water and sewer lines, reconstruction of curbs and sidewalks, street repaving [58.35(a)(1)].
- Special projects directed to the removal of material and architectural barriers that restrict the mobility of and accessibility to elderly and handicapped persons [58.35(a)(2)].
- Rehabilitation of buildings and improvements for residential use (with one to four units), where the density is not increased beyond four units, the land use is not changed, and the footprint of the building is not increased in a floodplain or in a wetland [58.35(a)(3)(i)].
- Rehabilitation of multifamily residential buildings (with five or more units), when the following conditions are met: a) unit density is not changed more than 20 percent, b) the project does not involve changes in land use from residential to non-residential, and c) the estimated cost of rehabilitation is less than 75 percent of the total estimated cost of replacement after rehabilitation [58.35(a)(3)(ii)].
- Rehabilitation of non-residential structures, including commercial, industrial, and public buildings when the following conditions are met: a) the facilities and improvements are in place and will not be changed in size or capacity by more than 20 percent, and b) the activity does not involve a change in land use, such as from non-residential to residential, or from one industrial use to another [58.35(a)(3)(iii)].
- An individual action on up to four dwelling units (not including rehabilitation - see 58.35(a)(3)(i) above) where there is a maximum of four units on any one site. The units can be four one-unit buildings or one four-unit building or any combination in between [58.35(a)(4)(i)].
- An individual action on a project of five or more housing units (not including rehabilitation - see 58.35(a)(3)(i) above) developed on scattered sites when the sites are more than 2,000 feet apart and there are not more than four housing units on any one site [58.35(a)(4)(ii)].
- Acquisition or disposition of an existing structure or acquisition of vacant land provided that the structure or land acquired or disposed will be retained for the same use [58.35(a)(5)].
- Any combination of the above activities [58.35(a)(6)].

## Statutory Checklist – PROGRAMMATIC REVIEW

SHARS No: 20153080  
 LPA Name: Franklin County Community Housing Council, Inc. (FCCHC)  
 Program Name: FCCHC First Time Homebuyer

\*A - Not Applicable to this Project  
 B - Consultation, Permit and/or Mitigation Required.

Area of Statutory -Regulatory Compliance	*A	B	Provide compliance documentation Additional material may be attached
<b>Section 4.1</b>			
Flood Disaster Protection Act of 1973	<input type="checkbox"/>	<input checked="" type="checkbox"/>	All sites will be reviewed for their location on FIRM maps at: <a href="https://msc.fema.gov/webapp/wcs/stores/servlet/FemaWelxomeView?storeId=10001&amp;catalogId=10001&amp;langId=-1">https://msc.fema.gov/webapp/wcs/stores/servlet/FemaWelxomeView?storeId=10001&amp;catalogId=10001&amp;langId=-1</a>
Coastal Barrier Resources Act	<input checked="" type="checkbox"/>	<input type="checkbox"/>	No Coastal Barrier Resource Areas exist in the target area. No further Tier 2 review required
Runway Clear Zones (development)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	The following primary or commercial airports exist within the target area: Adirondack Regional Airport. All sites will be reviewed for their location with regard to the airport. If a site exists within the runway clear zone, the prospective buyer will be advised that the property is located in such a zone, including safety risks and that the property may be acquired by the airport operator at a later date. The buyer must sign a statement acknowledging receipt of this information and the notification must be submitted with the Tier 2 checklist.
<b>Section 4.2</b>			
Historic Properties	<input type="checkbox"/>	<input checked="" type="checkbox"/>	For all projects that involve new construction on vacant property, any site disturbance, or demolition or rehabilitation of buildings 50 years old or older, a Historic Resource Inventory Form must be completed and submitted to the State Historic Preservation Office (SHPO) for an effect determination.  AND  Evidence that a review was requested from the Tribal Historic Preservation Office (THPO) will be submitted with the Tier 2 checklist if the project will conduct ground disturbance.
Floodplain Management	<input type="checkbox"/>	<input checked="" type="checkbox"/>	All sites will be reviewed for their location on FIRM maps at: <a href="https://msc.fema.gov/webapp/wcs/stores/servlet/FemaWelxomeView?storeId=10001&amp;catalogId=10001&amp;langId=-1">https://msc.fema.gov/webapp/wcs/stores/servlet/FemaWelxomeView?storeId=10001&amp;catalogId=10001&amp;langId=-1</a> .

			No sites within a floodway will be chosen. If a site is located outside of the 100-year-floodplain, no further action is required. If a site is within the 100-year-floodplain, the Floodplain Management Worksheet will be completed (Appendix J of the NYSHCR HOME LPA Manual). If the project does not constitute "substantial improvement," no further action is needed. If it does, EAU must be contacted for further instruction.
Wetland Protection	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Any site intrusive work, even on previously disturbed land, will be constructed so as to reduce, minimize, or otherwise avoid impacts within wetlands or associated "buffers or check zones." Maps of jurisdictional wetlands will be consulted for each site. In addition to consultation of wetlands maps, if the Sponsor or EAU suspects the potential presence of wetlands in the areas to be disturbed, a formal jurisdictional review or qualified biologist delineation may be required to confirm whether wetlands will be disturbed. This will be decided in further consultation with EAU. If a site is located on or in proximity to wetlands the Sponsor will consult with the relevant regulator and obtain all necessary permits, after completing the Executive Order 11990 8-Step review process. If a site is located in any State associated buffers the Sponsor will consult with the NYSDEC and obtain all necessary permits.
Coastal Zone Management	<input type="checkbox"/>	<input checked="" type="checkbox"/>	The target area contains NYS Coastal Zones according to the NYS Coastal Zone Atlas (Attached). Each project site will be checked for its location with regard to a Coastal Zone. If a site is within a Coastal Zone, the sponsor must contact EAU and EAU will need to coordinate a submission of the project to New York State Department of State (DOS) prior to completion of the Tier 2 checklist for that site.
Sole Source Aquifers	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The target area does not contain any SSAs. No Tier 2 review required.
Endangered Species	<input type="checkbox"/>	<input checked="" type="checkbox"/>	For every project requiring disturbance of previously undisturbed ground the sponsor will: (1) contact the NYS Natural Heritage Program to determine the potential for impacts of the proposed action on any rare, threatened, or endangered species; <b>and</b> (2) follow the USFWS directions for project reviews at <a href="http://www.fws.gov/northeast/nyfo/es/section7.htm">http://www.fws.gov/northeast/nyfo/es/section7.htm</a> . If the USFWS directions reveal the possibility of an endangered species on the site, EAU will be contacted to further consult with USFWS.
Wild and Scenic Rivers	<input type="checkbox"/>	<input checked="" type="checkbox"/>	The following state and/or federal Wild, Scenic and Recreational rivers (WSRR) are located within the target area: Ampersand Brook; Chateaugay River; Cold River; Deer River; Jordan River; Marble River. All sites will be reviewed to determine their location with regard to the WSRRs. No program activities should impact the WSRR, but EAU and/or NYSDEC will be contacted with regard to any

			site within 100 feet of a WSRR to determine any permitting requirements.
Air Quality	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The Program is for down payment assistance and/or rehabilitation, a categorically excluded activity. The proposed project work is not of a size or scope that contribute to air pollution or is expected to violate the State Implementation Plan (SIP). No Tier 2 review required.
Farmlands Protection	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The Program is for down payment assistance and/or rehabilitation of a single-family home. It will not convert farmland to nonagricultural use. No Tier 2 review required.
Noise Abatement and Control	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<p>24 CFR Part 51 requires that noise criteria and standards be taken into consideration in the environmental review process and that ameliorative actions be considered for HUD funded development in noise exposed areas. For all sites, distances to major noise sources must be determined. Any project located within 1,000 feet of a roadway carrying more than 10,000 vehicles per day, 3,000 feet of an active railroad or 5 miles of a commercial airport on the FAA's 239 list of 15 miles of military airport must be assessed to determine if the site is exposed to unacceptable noise.</p> <p>If a project located within critical distances of noise sources qualifies as moderate rehabilitation, noise attenuation features will be recommended to be included in the project design to the extent that potential noise mitigating work is already contemplated in the project scope (e.g. new windows, insulation, siding, etc.). To demonstrate moderate rehabilitation, the Sponsor will attach an estimate and scope of work and value of the home using the Flood Management Worksheet in Appendix J of the HOME LPA Manual and attach it to each Tier 2.</p>
Thermal/Explosive Hazards	<input checked="" type="checkbox"/>	<input type="checkbox"/>	The Program will not allow for new construction, rehab to increase the number of units, conversion of non-residential buildings to residential, restoration of vacant or abandoned buildings, or increase in the size of a mobile home by 122%. No Tier 2 review required.
Runway Clear Zones (development)	<input type="checkbox"/>	<input checked="" type="checkbox"/>	The following primary or commercial service airports exist within the target area: Adirondack Regional Airport. All sites will be reviewed for their location with regard to the airport(s). If the site is within 2,500 feet of a civil airport or 15,000 feet from the end of a runway at a military airfield EAU will be contacted for further direction. The Tier 2 will include a written finding made by the airport or airfield operator stating whether or not the property proposed for assistance is located within the clear zone.
HUD Environmental Standards	<input type="checkbox"/>	<input checked="" type="checkbox"/>	Each site will be reviewed by an environmental professional, including a site visit, to determine that the site is not located on or near any hazardous materials or contamination. The site visit report will include a signed certification statement, that: "I, (Name, Title), certify that I am a qualified environmental professional as per ASTM 1527."

Environmental Justice	<input type="checkbox"/>	<input checked="" type="checkbox"/>	According to NYSDEC mapping at <a href="http://www.dec.ny.gov/public/899.html">http://www.dec.ny.gov/public/899.html</a> , the target area does include potential environmental justice areas. The Program is intended to serve an existing need for affordable housing and is not expected to facilitate development which would result in adverse environmental justice impacts. All substantial rehabilitation projects will be reviewed to determine whether they are within an acceptable noise level area. If applicable, there will not be unmitigated thermal explosive hazards in close proximity to the sites. Each site will be reviewed for compliance with HUD Environmental Standards.
Asbestos & Lead-Based Paint	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<p>Regarding asbestos containing materials (ACM), all project work will comply with NYS Department of Labor Part 56 requirements including the need for surveys and clearance reports, as required. A contractor will be involved in the project construction and will be instructed regarding the need for compliance with Part 56.</p> <p>Regarding lead-based paint (LBP), in homes constructed prior to 1978, all work will be conducted according to the HUD "Guidelines for the Evaluation and Control of Lead-Based Paint Hazards in Housing" and the EPA Renovation, Repair and Painting Rule (RRP rule).</p> <p>All ACM and LBP must be properly disposed of at a properly licensed facility.</p> <p>The LPA must maintain all compliance documentation for potential audit by EAU.</p>

"I am the authorized signatory for the HTFC HOME LPA award to the entity named below. I have read the Programmatic Environmental Review Record and Statutory Checklist and by signing these documents agree with the statements made therein and agree that all site specific reviews will be conducted in conformance with the described procedures."
