## **Plan Description:**

In formulating its NSP Action Plan, New York State undertook an analysis of three data sets in order to identify the areas of greatest need and prioritize the use of funds within those areas of greatest need. This is consistent with HERA's mandate and sound housing policy. In conducting its needs assessment, New York State has recognized HUD's substantial effort and thoughtful analysis of need and has relied on two of its data sets, in addition to the State's own research, in order to focus efforts on areas of greatest need. Excerpts from New York's analysis are provided below: Mortgage Market Overview According to the Mortgage Banker Association's 2008 National Delinquency Survey, there were over 2 million mortgages outstanding in New York State, of which more than 280,000 or 13.7% are subprime. Subprime loans were identified based on the lenders' self-reporting in the survey response. The subprime share for New York State is in line with the national composition of the market. Serious delinquencies (e.g., 90 + days past due) during 2008, in New York State, accounted for 3.63% of all loans. Of total subprime loans, 16.51% were 90+ days past due. RealtyTrac data from first quarter 2008 for REOs was checked against the findings based on First American Loan Performance Data for the same period. That data showed similar results to RealtyTrac, summarized as follows: 1. A total of 2,661 REOs were recorded throughout New York State as of 1Q 2008 according to First American Loan Performance data - 2,352 among sub-prime loans and 309 that were Alt-A loans. 2. The top ten counties with the largest number of REOs were focused in New York City, Long Island and the Hudson Valley regions, with Erie and Monroe counties also included. 3. Among sub-prime loans, fourteen zip codes in five counties had 20 or more REOs. These zip codes were concentrated heavily in Queens and Nassau counties. Orange, Suffolk and Westchester counties were also among this group. 4. These same fourteen zip codes accounted for 366 or 15.6 percent of the total REOs in New York State. 5. Among all counties statewide, Queens, Suffolk and Nassau ranked as the top three in total REO's. Together, these three counties accounted for 963 or nearly 41.0 percent of the State's total. The data examined by New York State all pointed to similar conclusions: the subprime lending crisis and recent foreclosures are most heavily concentrated in New York City, Long Island, and the lower Hudson Valley. At the same time, key upstate cities suffer from many vacant and abandoned homes and not insubstantial rates of subprime lending. Both in upstate cities as well as the downstate NYC metropolitan area, New York State recognizes that NSP funding must be concentrated in the areas of greatest need in order to make a significant impact in stabilizing neighborhoods affected by the subprime crisis and to prevent future foreclosures and abandonment.

## Recovery Needs:

DISTRIBUTION AND USES OF FUNDS New York State will conduct an RFP process to solicit local governments, nonprofits, and other providers to implement projects on a local level. The State's determination of areas of greatest need will take in consideration the factors required by HERA as detailed in Section A and will rely on the Risk Score developed by HUD. In the initial funding round of scoring, the State will rely on HUD's determination of area of greatest need rather than undertaking an alternative analysis for this Amendment. This decision was made based on the following reasons:

- given the emergency nature of the assistance, and the short time frame permitted to publish and prepare this Amendment (i.e., HUD notice issued on September 29, 2008, plan amendments required to be published for public comment by November 15, 2008, and submission of plan required by December 1, 2008);
- the HUD requirement to obligate NSP funds within 18 months of HUD's approval of this Amendment;
- HERA's clear objective for NSP funds, which differ in material respects from regular CDBG funds;
- the State's desire to promote quick implementation of projects to respond to foreclosures destabilizing neighborhoods and declining home values; and
- the high level of interest received by the State in its Indication of Interest, which far exceeded the State's Direct NSP Allocation.

Therefore, under the initial funding round, only projects in zip codes that contain at least one census tract block group with a Risk Score of 8, 9 or 10 will be considered.

**Project Fund: Funding Priority and Caps for Initial Funding Round** The Project Fund will consist of all of the State's Direct NSP Allocation, net of 10% of the funds for administrative expenses (the "Administrative Set-Aside"), and 25% for projects that will house individuals or families whose incomes do not exceed 50% of area median income (the "Low-Income Set-Aside"). In order to focus the State's Direct NSP Allocation on areas of greatest need, and to produce a significant impact, the State has established a threshold requirement of at least \$1,000,000 in total neighborhood stabilization projects within an area of greatest need in each county, including both NSP funds and leveraged resources for applications to the Project Fund. HFA used HUD data to determine the maximum amount of NSP funds for projects, in the aggregate, in any county (accounting for all the CDBG Entitlement Jurisdictions within the county) during the initial funding round. The Initial Funding Round Caps will apply only to the initial RFP funding round for the Project Fund. In addition, projects must be within zip codes that contain at least one census tract block group with a Risk Score of 8, 9, or 10 in the initial funding round.

**Low Income Set-Aside** The State has established a Low Income Set-Aside in an amount equal to 25% of the State's total allocation (\$13,639,116) for permanent housing units serving households less than 50% of area median income. Any applicant in any jurisdiction with qualified units located in areas within zip codes that contain at least one census tract block group with a Risk Score of 8, 9 or 10 may apply for these funds. NSP Funding caps set forth in the previous section do not apply to the Low Income Set-Aside portion.

**Administrative Funds Set-Aside** The distribution plan will assume 10% (\$5,455,646) will be allocated to program administration costs and will establish an Administrative Set-Aside by the State and by any localities or nonprofit subrecipients that receive sub-allocations, if any. Local governments and nonprofit receiving a sub-allocation from the Project fund would be eligible for up to 6% of any sub-allocation amount for administration of local NSP programs. It should be noted that local project awards from the State will only be allowed reasonable developer fees and no administration costs when the State retains ongoing oversight of the project. Any Administrative Set-Aside funds deemed by the State to be in excess of the amount necessary to provide project administration and oversight in compliance with Section 2301 (c) (2) of HERA will be made available for project awards.

**Direct Entitlement Jurisdictions** The State will accept applications from Direct Entitlement Jurisdictions or entities within these jurisdictions for specific projects determined to be consistent with the NSP Annual Plan amendment of that Direct Entitlement Jurisdiction, and subject to the Initial Funding Round Cap.

**Competitive Application Process** Based on the response to the Indications of Interest received in advance of this Amendment and as discussed in Section A, New York State is aware that the demand is strong across the State and requests for NSP funding will likely exceed the amount available. Given the requirement to obligate the State's Direct NSP Allocation to activities within areas of greatest need within 18 months and to expend funds within four years, it is important that the State select projects that can meet all requirements and be implemented within these deadlines. To accomplish this, the State plans to utilize an RFP process, soliciting proposals for specific projects in areas of greatest need. The State plans to initially limit funding to projects within zip codes that contain at least one census tract block group with a Risk Score of 8 or higher, but will consider expanding the Risk Score criteria for subsequent funding rounds if there aren't sufficient projects in the designated areas of greatest need.

**Project preferences** Projects will be evaluated and ranked based on the following preferences:

- Projects by applicants with demonstrated capacity to implement within the statutory time frame of four years from the date HFA receives the funds from HUD.
- Projects with a focused strategy for effective neighborhood stabilization, including addressing the factors that make the area vulnerable to future foreclosures.
- Projects that detail how high quality pre-purchase counseling will be provided to new homebuyers, as required by the Notice.
- Projects that leverage the largest portions of additional

than \$1 million must provide evidence of additional resources that leverage a total investment of at least \$1 million countywide. • Projects from applicants that will efficiently serve multiple jurisdictions within a local housing market and demonstrate effective cooperation in addressing similar needs in multiple locations. This preference will apply to proposals submitted by county governments and regional efforts to efficiently manage NSP funds for similar projects in local markets. The applicant must demonstrate a strong management role and cost savings in the program delivery, not just conduit funding for multiple locations. • Projects by applicants with experience administering and delivering the specific activities for which the NSP funds would be used. If significant administrative responsibilities will be assigned to another entity via subcontract, the experience of that entity will be considered as well. • Projects by applicants with knowledge and experience in the implementation of activities funded through the CDBG Program. • Projects that serve the lowest possible incomes in a sustainable way. • Projects that provide sustained affordability by incorporating green building and energy efficiency improvements. • Projects that achieve the longest possible affordability period, especially those in which the local applicant provides ongoing monitoring. • Projects that provide supportive housing units. • Projects that minimize displacement. • Projects that propose working in collaboration with the National Community Stabilization Trust (NCST) to acquire or coordinate the acquisition of vacant real estate owned (REO) properties from financial institutions. The State will require applicants to demonstrate readiness and ability to proceed with implementation quickly. The State will also underwrite the projects for market, borrower and project feasibility, and will reserve the right to reject any application on this basis. In addition, Projects must be consistent with the jurisdiction's existing ConPlan, but not a substitution of efforts previously agreed upon with HUD. Initial Funding Round • The State will issue a Request for Proposals on or about December 15, 2008, prior to, and in anticipation of, HUD's approval of this Amendment. • Proposals will be due on or about February 10, 2009. This will allow applicants at least 55 days to develop proposals for the initial funding round. • The proposal due date is subject to change based upon HUD's approval of this Amendment, and/or changes issued to the Notice or interpretation of the Notice as clarified on the HUD website for this program (see <http://www.hud.gov/nsp>.) HFA urges potential grantees to be on alert for such changes, which will be posted on the HFA website with other NSP publications and materials. • The State will competitively award NSP funds for the initial funding round based upon applications from eligible applicants.

## Overall Progress Narrative:

### Third Quarterly Progress Report Narrative For the Period 10/1/09 – 12/31/09

By the end of the last calendar quarter (October 1, 2009 – December 31, 2009), New York State's Neighborhood Stabilization Program had achieved important milestones to position its 29 locally funded programs for implementation. After drafting new contract documents in the previous quarter, HFA, the State's NSP Administrator, negotiated and drafted additional contract provisions for 23 of the State's 29 sub-recipients, addressing unique components of their local programs. HFA also customized form Notes and Mortgages for sub-recipients to calibrate with their local programs' long-term affordability requirements.

By December 31, a majority of the State's sub-recipients had executed their NSP contracts (entitled "NSP Assistance Agreements") with HFA. Pending resolution of specific program issues, the remaining sub-recipients were expected to follow suit in the first quarter of 2010. In the same period, sub-recipients partnering with local developers drafted their Pass-Through Agreements, which were reviewed and approved by HFA. In December, HFA formalized its internal due diligence and accounting procedures for NSP, and developed user-friendly disbursement request forms which are currently posted on its NYHomes/NSP Website. HFA began processing its first disbursement requests from sub-recipients, and completed its first drawdown of funds in HUD's DRGR system by year-end.

Concurrently, with assistance and oversight by HFA, a majority of sub-recipients completed their federal environmental reviews by December 31. Many of these involved "tiered reviews", given that specific properties had not yet been identified. Those sub-recipients in this category will complete the required paperwork for specific properties as a condition for receiving property-specific NSP grant disbursements.

Throughout the period under review, HFA continued its outreach efforts to REO lenders and servicers, and convened briefings via conference calls with the State's sub-recipients to review the various "First Look" REO disposition programs currently being offered. HFA will continue to provide linkages, as needed, between REO providers and the State's sub-recipients.

Further details of the previous quarter's activities are summarized below.

#### **NSP Contracts**

As of December 31, 2009, HFA had executed NSP Assistance Agreements with 19 of its 29 NSP sub-recipients. In terms of NSP dollars, this represents a commitment to fund up to \$26,297,049 for eligible program activities, or 53% of the \$49,468,472 which HFA has earmarked for sub-recipient local programs. Of the 10 remaining NSP programs, two more Assistance Agreements were scheduled to be signed in the beginning of January 2010, and the remaining 8 over the first calendar quarter.

In considerable detail, the Agreements outline and reinforce the pertinent NSP program requirements which New York State, the NSP recipient, is passing through to its sub-recipients. The Agreements also contain appropriate provisions and references to federal CDBG and HOME regulations which inform the NSP program. Significantly, the Agreements represent the Se's firm commitment to advance NSP funds, or reimburse eligible costs, for implementation of specific NSP activities which are described in greater detail in the Agreements' exhibits. Based on the information provided in the exhibits, including uses of funds, targeted zip codes, specific properties (if identified), # units broken-out by household incomes, project budgets and financing sources, and project development timetables, the Agreements permit sub-recipients to incur reimbursable costs, subject to meeting the provisions in the Agreement, exhibits, and supplemental forms.

HFA will continue to encourage sub-recipients to identify all of their NSP properties by HUD's 18-month deadline to obligate funds (September 20, 2010). But by virtue of executing the Assistance Agreements, constituting a firm commitment to fund specific program activities, HFA believes its NSP funds will be "obligated" when 1) the Agreement is executed with a sub-recipient acting as a developer to directly implement the local program, further described in the Agreement; or when 2) the sub-recipient has in turn executed a Pass-Through Agreement with local development partners to implement a specific program of property acquisitions and/or rehab, redevelopment, and homebuyer transactions.

#### **Federal Environmental Reviews**

As of December 31, 2009, 21 of 29 awarded sub-recipients completed their federal environmental

Others are expected to complete their reviews during the first calendar quarter of 2010.

## REO Disposition Programs

During this period, HFA communicated with the National Community Stabilization Trust to consider linking its REO channels with some of our larger volume sub-grantees. An earlier effort in June proved successful, bringing the Trust to both of our County sub-grantees on Long Island, which has posted some of the State's highest foreclosure rates. HFA also organized a meeting via conference call between sub-recipients and Fannie Mae and JPMorgan Chase; exchanged information with REO representatives of Wells Fargo and M&T Bank; and inquired with FHA about its disposition procedures. At the end of the quarter, HFA created an REO summary grid, describing REO disposition programs offered by various lenders and servicers, for distribution to the State's NSP sub-recipients. The document will be updated with supplemental information as other REO lenders are contacted.

## HFA Internal Tracking and Monitoring Activities

HFA's NSP project staff and IT department continued to refine an internal NSP database, populated with information on sub-recipients, which will be useful in Agency-wide reports, enhance accounting and funding procedures, and assist in completing DRGR reports. In the last calendar quarter, HFA also formalized internal disbursement procedures and controls in collaboration with HFA's finance, loan servicing, and accounting staff, and created a disbursement screen in the NSP database to track the progress of internal disbursement request reviews "in real time".

## Homeowner Affordability Worksheet

As a tool for the State's NSP sub-recipients, HFA created a one-page Excel worksheet to analyze individual homebuyers' ability to shoulder anticipated housing costs. The worksheet enables sub-recipients to analyze varying levels of homebuyer subsidies (including NSP) to determine the appropriate levels needed to ensure affordability. HFA will require a worksheet to be submitted for each potential homebuyer, to assess whether the level of NSP subsidy requested by the sub-recipient is neither more, nor less than sufficient to ensure a reasonable ratio of homeownership costs to household income.

### Activity Description:

Land Banking: With \$250,000 in NSP funds, Grantee plans to purchase six foreclosed or abandoned residential properties, containing 8 units, and land-bank them. These will be demolished within a year, using already committed CDBG funds, then held for future development of affordable single-family homes.

### Location Description:

The proposed location of this project is the Sheridan-Parkside neighborhood of the Town of Tonawanda, in Erie County. The location is within the 14150 zip code, which contains at least one census track (83) with a HUD Risk Score of 8 or higher.

With \$300,000 in NSP funds, Grantee is planning new construction of two single-family homes, redeveloped on vacant land. The homes will be available to households with incomes of between 50% and 80% of the AMI. The unsubsidized price of the single homes is expected to be \$150,000 each, with a permanent subsidy of \$30,000 per home in NSP funds.

## Activity Description:

The City of Niagara Falls proposes to utilize \$200,000 in NSP funds to demolish vacant and deteriorated homes in a concentrated 12-block area of the South End district, which has been targeted since 2006 for comprehensive redevelopment. Through the City's 5-year Consolidated Plan and Strategy, blighted structures have been condemned and torn down to enable the City to land bank parcels for an eventual redevelopment project. The City is discussing proposals with private developers to build a mix of affordable housing – rental and homeownership - that will accommodate workforce and lower-income residents. The Grantee's request represents a continued emphasis on such site clearance, in keeping with efforts to implement this larger, comprehensive initiative. The properties identified for demolition offer no other viable development alternatives, and the project is ready to commence once NSP funds have been awarded.

## Location Description:

The proposed project area is located the City of Niagara Falls in Census Tract 211 Block Group 1 and 2 and Census Tract 212 Block Group 4.

**Activity Description:**

Suffolk County, which has recorded some the State's highest foreclosure rates in the past year, has submitted a unified proposal that contains both homeownership and rental components, implemented through strategic partnerships with two of Long Island's most accomplished nonprofit affordable housing providers, and a collaboration with four local municipalities which are deeply affected by the housing crisis, including the Towns of Babylon, Brookhaven, Huntington, and Islip. The Grantee has requested \$200,400 from the NSP Administration Set-Aside as a "sub-recipient". The Grantee has submitted a unified proposal and intends to administer various functions on behalf of the four participating local Towns. The State-approved \$200,400 administration fee accounts for approximately 3% of its total NSP request. A breakdown of the fee's components was vetted and approved by HFA.

**Location Description:**

The communities being targeted in Suffolk County in the towns of Babylon, Brookhaven, Huntington, and Islip for NSP funding are within the zip codes 11701, 11706, 11713, 11717, 11722 and 11746.

The Grantee was awarded \$3.2 million in funds from the NSP Low-Income Set-Aside, to acquire and renovate 20 single-family homes for lease to low-income households at or below 50% of AMI. The Grantee will partner with CDC of Long Island ("CDC"), an experienced non-profit housing and services provider, who plans to purchase up to 20 foreclosed single-family homes through its Housing Development Fund Company, carry our renovations, and lease the homes to low-income renters. CDC has already initiated a similar program and is managing 10 scattered site rental homes.

REO and other foreclosed or abandoned properties will be acquired, in consultation with the County as grantee and sub-recipient of the NSP funds, by the Long Island Housing Partnership (LIHP). As currently managed in other County homeownership projects, the County and LIHP will engage local Town Inspectors, who will review renovation budgets and prepare scopes of work, bid out the contracts, and oversee construction. The Grantee will provide back-office support and manage all federal and State environmental reviews and reporting to HFA and HUD.

### Activity Description:

The Chautauqua Home Rehabilitation and Improvement Corporation, Inc. (CHRIC) was awarded \$250,000 in NSP funding to implement this Type B Project. This project includes two rental units (in one or two structures) which will be targeted to families with incomes of less than 50% of AMI, and eight owner occupied structures. The eight single family homes will be available to families with incomes of not more than 120% of AMI.

### Location Description:

The proposed project areas will be the Neighborhood Revitalization Strategy Area (NRSA) developed by CHRIC and approved by HUD within the city of Dunkirk, and the Buy Northside! and PRIDE neighborhoods in Jamestown. Both areas meet greatest need definitions of the NSP, with HUD-designated high-risk census tracts in both inner cities. Four Jamestown census tracts (303, 304, 305 and 306) and four in Dunkirk (354, 355, 356 and 357) qualified for Renewal Community designation under the HUD program, one of 12 rural RCs in the U.S. and one of only 40 RCs in the entire country.

## Activity Description:

Nassau County was awarded \$101,854 in NSP Administrative funds. The County will partner with the Long Island Housing Partnership, Inc. (LIHP) to administer the program. Through issuance of a Request for Qualification, it has identified a number of local non-profit partners to develop area sites. As envisioned, the County will not take title to properties but rely on these community-based partners to acquire, rehabilitate, and resell the homes to eligible buyers. To date, the County has made definite progress by negotiating a bulk portfolio purchase of REO inventory from Fannie Mae, a pilot for what is hoped to become an expanded program. Additionally, it is discussing a possible relationship with the National Community Stabilization Trust to utilize the latter's REO channels, and down the road, capital from the Trust's loan facility.

## Location Description:

Nassau County OHIA has analyzed all areas of the county in terms of the NSP criteria of foreclosures, subprime loans and projected foreclosures. In addition, vacancy conditions and community development resources currently in place were reviewed. Based on this analysis, Nassau County has identified neighborhoods throughout the County that exhibit greatest need for neighborhood stabilization through redevelopment of abandoned and foreclosed homes based on the HUD criteria discussed above including the Town of Hempstead, Hempstead Village, Freeport, Elmont, Roosevelt, East Garden City, Lakeview, New Cassel, South Floral Park, and Uniondale, in, respectively, the following zip codes: 11550, 11520, 11003, 11575, 11530, 11552, 11590, 11001, and 11553.

## Activity Description:

The Grantee, the City of Troy, was awarded \$522,158 to round out the financing for Phase III of the Troy Homes Initiative, an affordable homeownership project for low and moderate-income households. In this third phase, the City proposes to demolish 22 vacant buildings on the City's active vacant building registry deemed to pose an immediate threat to health safety and welfare of the community. By "right sizing" the environment of the targeted area, through strategically targeted demolition, the City hoped to stabilize the neighborhoods and strengthen the existing housing market.

## Location Description:

The proposed project area is located in the three critical sub-target areas which have experienced significant disinvestment and blight within the zip code of 12180. The location within this zip code contains at least one census tract with a HUD Risk Score of 8 or higher to carry out this phase of its demolition strategy.

## Activity Description:

The City of Schenectady, partnering with Better Neighborhoods, Inc. ("BNI"), a nonprofit affordable housing developer, was awarded \$935,000 in NSP funds to enable it to implement a Type E Redevelopment Project. The Project involves the new construction of 10 single-family homes located on scattered sites in the Vale and Hamilton Hill sections of Schenectady. Blighted, unsafe homes in high foreclosure risk areas will be demolished and vacant properties will be redeveloped as new homes sites. Currently, title transfer of City-owned properties (previously vacant and blighted properties) is underway. The homes have been universally designed and have LEED, Enterprise and Energy Star certification level "Green" design features that have been integrated in to the design, making the homes 30% more energy efficient. The Project will address a broad range of community needs, which include promoting home ownership opportunities, eliminating blighted areas and restoring the area's economy. At least two of the homes constructed will be targeted for sale to person with physical disabilities.

## Location Description:

The proposed project areas are located in the City of Schenectady in Census Tracts 209, 215, 210.02 and 207 within in zip codes of 12303, 12307 and 12304.

## Activity Description:

The City of Syracuse in partnership, with the National Housing Trust (NHT) and the Enterprise Preservation Corporation, plans to acquire and rehabilitate a group of 9 fully vacant, HUD foreclosed properties known as the Eljay Properties. NHT has obtained a market study along with individual work specifications and rehabilitation budgets for each of the 9 buildings and has concluded that 5 of the buildings, the focus of this NSP initiative, should be rehabilitated and leased to low-income households. This project would provide 138 rental units for households with incomes at or below 50% of AMI in the City of Syracuse.

## Location Description:

The proposed project areas in the City of Syracuse are located in the neighborhoods of Near Westside, Strathmore, Near Northeast, Near Eastside and Brighton in Census Tracts 34, 40 and 53, within the zip codes of 13202, 13203, 13205 and 13210.

## Activity Description:

People United for Sustainable Housing (PUSH) was awarded \$553,290 in NSP funds to establish two Type C Land Banks with a total of 35 properties. PUSH will use the NSP funds to create two land banks, one on the West Side of Buffalo, to be managed by PUSH and another on the East Side of Buffalo, to be managed by Buffalo ReUse, a developer under the Program. Each parcel in the land banks will be "cleaned and sealed" or "cleaned and greened". The "clean and seal" approach will consist of clearing each structure of debris and sealing the unit with brightly painted wood panels to prevent vandalism and criminal activity from taking place in the property. The "clean and green" approach will apply to each lot in the land bank.

## Location Description:

The proposed project area comprises two neighborhoods, one is PUSH's target area, which is on the West Side of Buffalo bounded by 15th Street, Hampshire, Chenango, West Utica, and centered on the Massachusetts Avenue corridor. The other neighborhood is the target area of Buffalo ReUse, a program partner of PUSH, which is bounded by Riley, Jefferson, Southampton, Main and centered on Northampton Street. The targeted areas are located in Census Tracts 66.01, 69, 61 and 32.02 within the zip code of 14213.

**Activity Description:**

People United for Sustainable Housing (PUSH) was awarded \$92,035 in NSP funds to implement a Type D Demolition Project on five blighted and derelict sites. Once demolished, the sites will be "cleaned and greened". The demolition will be performed by Buffalo ReUse, who will deconstruct the units as a competitive alternative to standard demolition. PUSH foresees deeding the newlyl vacant lots to responsible adjacent homeowners, or community organizations to be used as community gardens and green spaces, or as sites for appropriate infill housing.

## **Activity Description:**

The City of Albany's Community Development Agency ("ACDA") was awarded \$3,796,425 in NSP Low-Income Set-aside funds, to initiate an Acquisition/ Rehabilitation rental project consisting of 17 abandoned and foreclosed properties containing 47 units, for rental housing to households at or below 50% the Albany County Area Median Income ("AMI"), within the Arbor Hill section of the City of Albany. ACDA is partnering with the Albany Housing Authority ("AHA"), which will manage the rental units once the units are occupied for a 15 year period to insure continued affordability.

## Location Description:

The proposed units in the project are located on Clinton Avenue and Lark Street in the Arbor Hills neighborhood in the City of Albany. One is a row house located on Ten Broeck. The project areas are within the zip codes of 12202, 12204, 12205, 12209 and 12210.

## Activity Progress Narrative:

A drawdown was made to request a bulk purchase of 17 foreclosed properties through an auction conducted by the bank holding the properties. Subsequent to the drawdown, the auction was canceled due to the bankruptcy filing on the date of the proposed sale by the former owner of these properties. The Grantee has returned the funds to HUD. The bank has since obtained an order from a judge which will reinstate the auction process on February 12, 2010. The sub-grantee will resubmit a disbursement request to the Grantee in order to acquire the properties. The Grantee will resubmit a new voucher to HUD enabling the sub-grantee to follow through with the purchase of these properties.

## Activity Description:

The City of Albany's Community Development Agency ("ACDA") was awarded \$1,128,350 in NSP Project Funds to implement an Acquisition/Rehabilitation homeownership project for the purchase and rehabilitation of abandoned and foreclosed properties and provide down payment assistance to homebuyers in connection with these homes. The proposal contemplates 10 homes with a total of 15 units – 5 single family and 5 two family structures. The Albany Housing Partnership, a HUD Certified housing counsel agency will provide pre- and post-purchase counseling to all homebuyers. Community Realty, a non-profit real estate firm will market the properties.

### Activity Description:

Neighborhood Stabilization Initiative ("Project") is the proposed acquisition and rehabilitation of 49 foreclosed and abandoned units in high risk foreclosure areas of New York City, specifically in Brooklyn and Queens. The Housing Partnership Development Corporation ("HPDC") was awarded \$1,000,000 in NSP funds to acquire, rehabilitate and resell the homes to income eligible home buyers, concentrating primarily in a few of these high foreclosure areas. HPDC will partner with Habitat for Humanity and community-based organizations such as the Ridgewood Bushwick Senior Citizens Council for the development of the Project.

### Location Description:

The Neighborhood Stabilization Initiative is being administered on sites concentrated in areas of greatest need in communities in Brooklyn and Queens in New York City, focusing on low and moderate income neighborhoods most deeply impacted by the increasing number of foreclosed and delinquent properties, targeting the zip codes of 11233, 11234, 11236, 11237, 11238, 11203, 11205, 11206, 11207, 11208, 11210, 11212, 11213, 11216, 11220, 11221, 11225, 11226, 10451, 10452, 10453, 10455, 10456, 10457, 10458, 10459, 10460, 10461, 10462, 10466, 10467, 10468, 10469, 10470, 10472, 10473, 10474, 10475, 11368, 11412, 11413, 11414, 11416, 11418, 11419, 11420, 11422, 11423, 11429, 11432, 11433, 11434, 11435, 11436, 11691 and 11692.

Orange County Neighborhood Stabilization Initiative ("Project") is the proposed acquisition and rehabilitation of 71 units (45 single family and 13 two family homes) in high-risk foreclosure areas in Orange County. The Housing Partnership Development Corporation ("HPDC") was awarded \$63,400 in Administrative funds to coordinate several area nonprofit organizations to acquire, rehabilitate and resell the homes to income eligible home buyers. HPDC is working as a designee for Orange County and is partnering with the following County-based nonprofit organizations: Habitat for Humanity, Recap, Inc., and Newburgh Community Improvement Corporation, to execute the Project.

## Location Description:

The proposed NSP program will be administered on sites concentrated in areas of greatest need in Port Jervis, Middleton and Newburgh in Orange County, focusing on low and moderate income neighborhoods most deeply impacted by the increasing number of foreclosed and delinquent properties in Census Tracts 3, 4, 5, 6, 12, 16, 21, 22, 101 and 105 within the zip codes of 10940, 12550 and 12771.

## Activity Progress Narrative:

A single drawdown was made to reimburse sub-grantee for eligible Administrative costs previously incurred.

## Activity Description:

The City of Binghamton was awarded \$383,122 in NSP funds to implement a Type D Demolition Project on six blighted and derelict sites. The selection of sites for demolition corresponds with the City's current redevelopment strategy. Five of the six project sites are condemned mixed-use structures along an otherwise thriving commercial corridor, owned by the County through a tax foreclosure. The sixth targeted site is an abandoned home, badly damaged by a recent fire, which is posing a hazard to surrounding residents.

## Location Description:

The proposed sites targeted for demolition are located in the neighborhood of First Ward in the City of Binghamton, in Census tracts 2 and 17 within the zip code 13905.

## Activity Description:

The City of Binghamton was awarded \$471,500 in NSP funds for a Type E Redevelopment project to help subsidize the construction of an 8-unit supportive housing rental facility, with social services provided on-site, for formerly homeless individuals. To reinforce homeownership, the City also plans to develop its sixth targeted demolition site with a new single-family home, targeted to a moderate-income resident under 120% of the Area Median Income, that will showcase universal design and energy-saving features, and serve as a prototype for subsequent planned green, affordable, universally designed homes.

## Location Description:

The properties are located at 1 Tremont Avenue, which is in Census Tract 17 within the City of Binghamton's South Side neighborhood, in the zip code of 13903, and 4 and 8 Lisle Avenue in the neighborhood of Center City in the City of Binghamton, in Census Tract 11 within the zip code of 13901.
